

ST PETER'S MEDICAL PRACTICE

Covid Booster Vaccinations

We are working alongside Orchard Pharmacy in Mansfield to deliver our Covid Booster Vaccination Programme. Clinics will be held at Mansfield Community Hospital. There is very limited car parking at the main Hospital, therefore please use alternative methods of travel to attend, wherever possible to limit disruption to the hospital. Please do not contact the practice, pharmacy or hospital, as you will be invited when it is your turn to have your Covid Booster. You will then need to directly book your appointment via the National Booking System by dialling 119, or by using the below link: [Book or manage your coronavirus \(COVID-19\) vaccination - NHS \(www.nhs.uk\)](https://www.nhs.uk/covid-19/vaccination)
